

Force Pre Class 1

What is force?

Where do you think
there is force going on
in this classroom?

Force- push or a pull on an object by another object

When one objects pushes or pulls in one direction, the object that is being pushed or pulled pushes or pulls in the other direction

Two Types of Force

1. Balanced
2. Unbalanced

Net Force

1. Two forces pulling or pushing an object in the same direction-
ADD THE FORCES
2. Two forces pulling or pushing an object in opposite directions-
SUBTRACT THE FORCES
